Gujarati

Hindi

## 📜 CERTIFICATES

- Smart India Hackathon 🏆
- Technical Computer Science Quiz, VISTAS, Chennai 🏆

## 📁 PROJECTS

### ReScrapify (E-commerce) MERN Stack

- Developed a dynamic e-commerce website using React, featuring a user-friendly interface and seamless navigation.
- Integrated functionalities include product browsing, a shopping cart, secure checkout, and user authentication.

### Restaurant Management System PHP, MySQL, JS

- Designed and implemented a comprehensive restaurant management system using PHP and MySQL, featuring both admin and user panels.
- The system enables users to order food, book tables, and manage reservations efficiently.
- The admin panel allows for easy management of menu items, orders, and table bookings.

### Online Bus Pass System PHP, MySQL, JS

- Developed an online bus pass management system using PHP and MySQL, enabling students to apply for bus passes by uploading required documents.
- The system includes a robust admin panel for verifying document authenticity and approving applications.

### Recipe App (As frontend developer) HTML, CSS, JS, Django

- Worked as a front-end developer on an online recipe site built with Django, HTML, CSS, and JavaScript.
- The system allows users to add their recipes, view others' recipes, and like their favorites.
